Work Experience: State Lands Stewardship Forester, Vermont Department of Forests, Parks & Recreation, Barre, VT. April 1991 to present. Responsible for all management activities on state-owned lands in the Barre District, which covers Lamoille, Washington and Orange Counties. Duties include: conducting resource inventories; preparing comprehensive long-range management plans which requires extensive public input; implementing the management plans by laying out, marking and administering all timber sales, maintaining and constructing truck roads and recreational trails, maintaining forest boundaries, and any other activities related to state-owned lands; supervise a staff of 4 foresters and technicians; and coordinate activities of the District Stewardship Team comprised of Forestry, Parks and Fish & Wildlife personnel.

Pear Thrips Coordinator, Vermont Department of Forests, Parks & Recreation, Waterbury, VT. February 1990 to April 1991. This was a one year special appointment to complete the Pear Thrips Program. Duties included coordinating field activities for collecting soil samples and emergence traps, assisting with the laboratory processing, coordinating with media representatives and being the spokes person regarding the Thrips Program.

Assistant State Lands Forester, Vermont Department of Forests, Parks & Recreation, Barre, VT. August 1984 to February 1990. Assisted the State Lands Forester in all aspects of managing state-owned lands in the Barre District. Duties included: conducting resource inventories; preparing the District Annual Work Plan; assist in writing long-range management plans; layout, mark and administer timber sales; maintain and construct truck roads and recreational trails; maintain forest boundaries.

Forestry Technician, State Lands Management, Vermont Department of Forests, Parks & Recreation, North Springfield, VT. February 1983 to August 1984. Duties included: Plan, layout and maintain the 26-mile hiking trail system on state lands in Windsor and Windham Counties; maintain other trails in the District; setup and maintain a record tracking system for boundary work; conduct forest resource inventories; assist with marking timber sales; assist with writing long-range management plans.

Resource Protection Technician, Vermont Department of Forests, Parks & Recreation, North Springfield, VT. Duties included: supervise all insect and disease activities in Windham County, which involved sampling for insect pests, setting up spray projects for insect suppression, identifying shade tree problems and prescribing treatments to homeowners; supervise the Town Fire Warden System by appointing and training Fire Wardens in Windham County; train fire department personnel in fighting forest fires.
